Report for Committee Meeting on 7 December 2022

1. Our apologies – Jen and I are on Norfolk Island for their 20th Anniversary Shoot
2. I investigated the availability of .22 CCI 3V ammunition and purchased 15 cases from Abelas on Wednesday 16 November 2022. Unfortunately, the price had risen to \$620 per case = \$9,300.00. The coming price when they replace this stock is expected to be over \$700.
I discussed this purchase with any Committee members who were present over the preceding Friday and weekend – this included our President, Secretary and Captain
3. Our desktop computer put itself into an endless loop on Friday 11 December. I looked at it on Sunday 13 December 2022 and could not fix the issue without losing all installed programs and data. I took the computer to Peter at Computercraze on Monday 14 November 2022.
Peter fixed it that morning – re-installed Windows so that our data stayed but the programs had to be re-installed - \$50. Our keyboard and mouse cabling was also badly frayed – I replaced those - \$40 extra.
I have been fixing the apps/programs since Wednesday 16 Nov – all Wednesday and half the following Thursday, Friday and Sunday mornings
4. Firearms Stocktake. On the day of the Working Bee, Saturday 19 November, Bob and I did a stocktake of all firearms in the safe against the Registration Certificates.
5. 24 November – purchased replacement and spare LED tubes – 15 at \$25ea = \$375
6. January Committee Meeting – in the past, we have moved this meeting from the first Wednesday of the month to later in the month (say, 18 or 25 Jan 2023) to allow for those Committee members who are either on holidays or have family commitments.

Yours faithfully

Geoff Young
