Next meeting Wednesday 4th Sept 7pm

Meeting close 2.05pm

Carl Zammit

Secretary

PRESIDENTS REPORT 2024

Thank everyone for attending.

Attendance 38

great to see the interest in the direction and future of the club.

COFFIN DODGERS potentially kicking off again.

- Successful year with several members traveling to away comps and doing our club proud.
- Committee introduced an initiative to promote away comps in the form of paying members entry fees. There was some interest in this and moving forward, I hope we can continue these strategies to get back to where we were prior to "C".
- Our Captain, Graeme Cooper introduced an initiative to pay juniors entry fees to sanction matches. a great idea that will encourage our juniors to represent CLDPC and grow as shooters.
- 2 successful fun social shoots, with cannons, novelty targets and, bbq. These will continue moving forward due to the positive feedback.
- Thank s to Jodie successfully who organised 2 ladies matches, and she has hinted there are more to come. Jodie has said maybe 3-4 a year In between comps. These days are a great opportunity for Women to get amongst it without any pressure.
- CLDPC participated in the biggest morning tea. With \$800 collected for the cancer council
- Best attendances since Covid for The Davo, Kathy and Badcoe.
- sanctioned match planned for October which we already have a couple of entries for.
- Weekly updates of club events, competition results and upcoming events emailed out each week as well as added to website

- A tremendous amount of unseen maintenance work by a great crew led by Ray and Paul

New benches in range 1, baffles sandblasted and painted, Crappy green back wall in range 1 replaced with new sheeting that has changed the lighting for the better.

And many other jobs that are too many to list, Dave Punton was with them all the way with appearances by Bruce, Peter, John and others

- Preparing a plan of attack to continue building the bullet traps in the live fire ranges. This will be continuing from the valuable work and research done by the previous committee.
- range officer course was held this year adding 7 new RO's to our roster. First in many years. Thanks to Michael Morris for kicking this off and Carl for following it through.
- Website updates with latest news posts on the home page and the ability to view bookings.

members noticeboard still under construction with many more improvements planned.

- Back on track with the first Club championships in years which our power lines had something to say about that. Two extra weeks after this weekend to make up for the inconvenience.
- A great deal on ammunition best price in long time. Which we amortised the existing prices down. Reducing the prices of the 500 and 50 packs to be more inline with the slab price.
- Membership 227 current financial, up from 204 as of today.
- Growing the membership and retaining the current membership has been a goal this past year.
- very noticeable on Wednesday nights, in the Air pistol range. Often, have 3 or 4 people waiting to get on the range because it's full.
- Small number of members leave the sport or transfer to other clubs. The actual number of new members since august 2023-24, is 29
- Not accepting all applications. There have been applications /potential members that are not signed up. People that did not fit our club's discipline Have been directed elsewhere.
- Would like to recognise the efforts of all the Committee members this year and to thank them for stepping up to the plate. Without these people putting their hands up, our club would cease to continue.
- Chris King has fastidiously kept the books in order and it's great to have someone that is that particular to be our Treasurer.

- Justin Watson has been operating in the shadows and has remained relatively unnoticed due to the perfection of his operations. We tend to only notice when things go wrong. Which is a testament to his work.
- Jodie has been awesome in making sure all the events were well catered for. Jodie conscripted her daughters, who were equally awesome, and in turn, their boyfriends got roped in. not sure what we would have done without them
- Graeme Cooper stepped up into Captain and is doing a great job. Has also been a great help on Wednesday nights, handing out pistols and giving Captainly advice to new shooters.
- We started the year with Michael as our Secretary. Who was doing a great job. I'd like to thank him for his efforts. Unfortunately, Michael stepped down from the position.

Carl stepped into the Secretary role from the assistant Secretary role Weekly updates from the Secretary, keeping everyone informed and promoting matches and events.

More importantly, what about the slices Carls wife, Kristen makes for us. I think a large percentage of their weekly budget goes toward the ingredients.

That it from me. I hope that Committee we elect today can continue the positive things we did this year and hopefully extend upon them and make the Club even better.

Thank you all.

Warm Regards

Marten Teal

CLDPC President 2023/2024
