Committee member reports

JB, Bullet trap progress, Pricing tabled for varying metal types. Discussion we should seek input from FAR as to what they accept. Marten to follow up. Discussion on structure, plans all good with adjustable feet also part of plan. Model frame made as prototype

Bullet traps are to help with collecting lead, not as a final baffle/bullet stop. Mounds are the stops.

RL Target Pistol Australia (*Pistol Australia new name*) has released a new code of conduct, advise to go out to members to visit TPA website

Add Peter Badcoe story to website as an article

DM. Great work on air range paint job. Look into changing seating to individuals, decrease/remove joined seating

Could we investigate a new form of communication for committee, What's app or similar . No plans at this stage as emails possibly better in following a subject line. Suggestions for Rick to investigate FB as communication to members as members not accessing Website and calendar

DM/MT newsletter working well. Add links to newsletter directing members to calendar/website

JB Calendar on website not updating, CZ RL to investigate

GC New compressor ordered, excellent price negotiated, \$4600 **\$2000 discount.**

Still having issues with 1 air target, testing to continue

CZ Pricing for Ammo, last purchase 20 slabs May 2024, new price \$670/slab agreed to increase quantity to 30 Slabs, price will go up, also add 9MM to club stocks

Badcoe, approx. 20 entries so far. Cessnock, Ulladulla, St Ives. LEX,

Working Bee, Brush Cutting, Targets, Committee room clean up, Mats in Range 4, Fans to be installed, already purchased. Suggestion to create a team leader role to direct workers.
